7TH WAVE

On August 30th, 2013 the European Network of Living Labs (ENoLL) will announce the results of the 7th Wave in Manchester (UK). The call for new members was published on February 2013. The evaluation process, as carried out in the previous Waves, resulted in 25 accepted new members to this global community of Open Living Labs, and to the association of the European Network of Living Labs. The Wave process, dating back to 2006, has up to this day resulted in 345 accredited ENoLL Living Labs.

You can get to know all the accredited Living Labs at www.openlivinglabs.eu
